

HARBOR HOUSE INC.

PLEDGE TO RECOVERY

The mission of Harbor House Inc. is to provide hope and healing for men and women who suffer from addiction. Through Acceptance and Commitment Therapy (ACT), an evidence-based treatment, we act as a guide for clients to discover their true values and develop goals to support their recovery lifestyle. We opened our doors in 1966, treating 8 individuals at the time. Now, in 2020 we have grown to treat up to 30 men and 30 women at our 2 residential facilities per day, and another 12 women and their children through our specialized women services program. We have branched out our services to provide treatment at 15 satellite offices around the state of Arkansas, not including our main outpatient site located in Fort Smith AR.

HOW YOU CAN HELP

Have you ever needed to make an appointment, but knew you didn't have the funds to pay for it? Or, been between jobs with no insurance to help cover the expenses of the appointment or medication? This is what we see happen all too often with people in desperate need of rehabilitation. People come to us wanting help, wanting a better life, but don't have the means to do it. This is where you come in. With your help, struggling members of our community can get the substance abuse, behavioral health, and all around help they need. With client-centered treatment comes client-centered funding. You have the opportunity to help save and change someone's life who wouldn't stand a chance without you. Pledge to recovery, and help make a difference in someone's life. Your tax deductible pledge does not go to Harbor staff, infrastructure, or projects; it goes directly to uninsured/underinsured clients who are seeking help. These individuals would otherwise be ineligible or have to wait a long time to get effective treatment

PARTNERING TOGETHER

Pledge to Recovery is not one-sided. We want to thank you for your contribution, and to show our gratitude we want to give back to you as well. When you pledge you can receive one of the following packages:
