# ABOUT US

## Mission

The mission of Harbor House, Inc. is to provide hope and healing for those men and women who suffer from addiction.

## Vision

Harbor House, Inc. will be the treatment of choice for men and women throughout the state of Arkansas, and the workplace of choice for people who have a commitment to excellence in caring for those who suffer from the effects of addiction.

## Core Values

Our core values help define who we are as individuals within our organization.

We value individuality, which is reflected in our person-centered care, from intake to discharge. We respect the dignity and worth of every individual whom we welcome to Harbor House, Inc.

We value compassion, which is reflected in our trauma-informed approach to treatment, responding with kindness even to acts of un-kindness.

We value curiosity, also reflected in our trauma-informed approach to treatment.

We ask ourselves, *What might this person have suffered that brought them here, that caused these reactions?*

Curiosity requires the approach of an open mind, humbly seeking to learn from others.

We value quality, which continuously drives us to examine what we do and how we do it, then carefully, thoughtfully, to choose excellence.

We value a body, mind, spirit approach to recovery, focusing on the whole person.
